Free

6:30pm –

Hallie United Methodist Church

12146 22nd Ave, Chippewa Falls, WI 54729

The purpose of this impactful simulation is to allow you to experience what it feels like to have dyslexia. During this 1.5 hour simulation and presentation, reading, writing, and cognitive activities provide a strong sense of the challenges and frustrations associated with dyslexia. The purpose is to also deepen your knowledge of how to identify key characteristics and what can be done to support these learners.
